
PRINCE2® Agile Foundation V2

MANAGING SUCCESSFUL PROJECTS WITH PRINCE2® Agile V2

In 3 days – Learn how to apply Agile principles in a PRINCE2® project environment

The PRINCE2® Agile Foundation qualification provides a solid understanding of agile concepts, frameworks, and techniques, and how they integrate with the PRINCE2® project management method. This course is designed for individuals working in both project and non-project environments who are interested in adopting agile ways of working.

PRINCE2® Agile Foundation is a prerequisite for the PRINCE2® Agile Practitioner level certification.
